

# WaterRower Club Rowing Machine

£1,149.00

## Product Images

## Short Description

---

The WaterRower Club model is a two tone black and 'rose' coloured ash wood that was designed for 'high traffic areas' like gyms or studios. It's a great buy for keen home users that want to build up their cardio fitness and endurance. WaterRower designed their unique WaterFlyWheel to simulate the smooth, flowing nature of a boat gliding through water.

## Why Choose The WaterRower Club?

The rower is made from Ash wood for longevity and durability and stained to give the colour contrast. With a dual rail design, their S4 monitor for tracking your workouts and a commercial warranty, this is a great buy for home or in a gym.

## We Give You More...

GymEquipment.co.uk will also throw in the following, FREE OF CHARGE :

- FREE Delivery
- FREE WaterRower Commercial Warranty Upgrade to 3 years
- FREE Product Demo In-Store (Come and try it out at our showroom)

## Description

---

### The WaterRower Club Model

One thing you will realise when using a WaterRower is that it offers a truly unique experience. The

WaterRower club has the unique Water Flywheel which creates a wave-like sound that is engaging, mesmerizing and feels like the real thing! All models (except the A1) can be used in high traffic facilities such as commercial gyms, studios, rehabilitation clinics, etc. they are expertly engineered and will offer years of maintenance free use.

The WaterRower is powered by you as the resistance matches the effort you put in and it exercises all major muscle groups. The low impact nature of rowing means it is great for exercisers that suffer from ankle, knee or hip pain and you can work through a full range of motion increasing flexibility and functional strength. The great thing about the Club and all WaterRowers is that they are vertically stackable (taking up minimal space), require next to no maintenance, are sustainably produced and will prove to be a lifelong investment.

## Why Choose this Rower?

---

- Superb low impact 'all body' workout
- Water action for smooth and quiet rowing
- Achingly stylish in any home or gym
- Simple and easy to store
- No running costs and long warranty available

## Our Opinion of the Club Rower

---

The WaterRower Club (to give it its proper name!) is a rowing machine that not only looks stylish in your home or gym, its performance merits the slight increase in cost. Performing smoothly and quietly you can workout to the intensity that suits you as well as knowing when you're done you can easily store it and walk away in seconds. If you call us before 12pm, we can usually deliver it next day.
