Short Description

A great way to add new exercises to the gym, with a portable dual core plate from Exigo. Simple and easy to use, it can help work your core, arms and back muscles depending on the exercises you choose. Double because it is able to take two Olympic bars at the same time.

The Portable Double Core Plate

Working your core, back and arms, this is a multi-directional swivel action dual core plate from Exigo. Made to exacting standards, it's great for CrossFit or for a strength gym that is limited on space. The core plate is held in place with additional Olympic discs, which also double up as a way to store the discs. Exigo also provide a lifetime warranty.

Description

Exigo Portable Double Core Plate

A useful portable core plate that will help with core and rotational exercises. Would particularly suit commercial and larger home gyms or crossfit facilities thanks to the fact it can be stored away at the end of a workout. Built to last thanks to Exigo's premium manufacturing, you also get a lifetime warranty for piece of mind!

With a range of exercises you can perform from rotational drills or lower body lunges and squats, through to upper back through bent over rows, you can actually stop those gym users heading to the corners where they used to wedge the bar into the corner to keep it secure!
