

# Sole TT8 Treadmill

£3,595.00

## Product Images

## Short Description

---

The Sole Fitness TT8 Treadmill is an evolution in design that leaves the competition in its wake. One of the most advanced personal treadmills going, the Sole TT8 Platform Treadmill is comparable to club treadmills in every way - except price. This means that it offers unbeatable value for money for home use or can be included in light commercial premises such as offices, hotels and personal training studios.

**\*Zwift & Kinomap Compatible**

# Choosing Your TT8 Treadmill

This TT8 light commercial platform treadmill from Sole, really does have it all, allowing for a greater deck stress level and includes a 10.1" TFT LCD display, 3" crowned rollers and integrated speakers. The 22" wide running deck enhances safety and gives the user the ultimate freedom of movement while running and jogging.

A black and white photograph of the SOLE TT8 treadmill. The treadmill is shown from a side-front perspective, highlighting its compact design and the control console at the front. The brand name 'SOLE' and model 'TT8' are visible on the side of the running deck.

## TREADMILL FEATURES

SOLE Treadmills are built to satisfy and feature only the finest components. From the motors to the rollers, and the belts to the steel, SOLE Treadmills are made for performance. Having been proven in the daily rigorous hotel environment, SOLE Treadmills have the high quality feel you would find at the gym, in a treadmill for your home.

- Convenient Speed & Incline Controls**  
Built-in speed and incline controls in our handrails add ease of use and unparalleled control during your workout.
- Sound System with 2 ways Cable**  
The workout just got easier. The sound system allows for anyone with a music device to be able to listen to their music during their workouts.
- Cushion Flex Suspension System**  
This deck provides our users with a comfortable and quiet workout. In a recent study our cushion flex has proven to reduce impact of up to 40% as compared to running on asphalt.
- USB Charging**  
Now you can charge your phone or mp3 player during your workout with the new USB charging station.
- Easy Assist Folding Design**  
At the flip of a switch the deck will unfold itself slowly without need for assistance, as well as fold back securely and easily into upright position.
- Double Horseshoe Folding Frame**  
The treadmill needed to be as mobile as possible while still providing an efficient workout. Our easy to move design resulted in an all-steel welded frame that is more stable than most non-folding frames.

The TT8 commercial treadmill is streaks ahead in quality, performance and value compared to other similar priced models. Features include;

- 10.1" vibrant LCD screen displaying immediate session feedback
- In-built speakers compatible with MP3 players so you can blast out your own motivational music.
- Dual turbo cooling fans
- Top speed of 22km/h
- Top incline of 15% and decline to -6%
- 10+ programs to vary your training
