Short Description

The perfect accessory to boost the height of your C* Series Reformer from 24cm to 42cm from the ground. Allows for easier use by older or infirm users and can easily be added or removed as you need. An additional benefit is that the feet allow the Reformer to free stand vertically for storage.

C* Series -Pro Reformer Leg Extensions

How can you make your Align Pilates C series reformer even more practical? For a simple solution to increase the platform height of your reformer, these leg extensions allow you to raise it from 24cm to 42cm. This will make a lot of difference for you or your clients use of the reformer, especially if they suffer from a bad back or difficulty in getting up from the floor.

This set of 4 leg extensions are direct from the manufacturer and are designed for the C Series 1-Pro and C1R , C2Pro reformers. They are not compatible with the original C1 reformer.

Note: Reformer shown in photos is not included. Example only.
