

Star Trac S-TRc S Series Treadmill 5HP Motor

£5,369.00

Product Images

Short Description

A true commercial model, the Star Trac S-TRc S Series Treadmill boasts the 5HP motor that provides smooth and easy transition up to 12.5mph deck speed. Increasingly popular for home users, Star Trac offer a high quality build of both frame and moving parts, including the motor. The features it offers include the Soft Trac triple-cell deck cushioning to help protect your joints when you're running.

Console & Features

Alongside the superb cushioned deck, the latest console and keypad have been redesigned to enable simple use and easy reading when you're working out. Alongside all the normal workout programs you can choose from, or just turn up and run, you also see a heart rate display and have the Polar telemetry so you can workout in your target heart rate zone.

The Star Trac STRc Treadmill

Make no mistake this is an award winning treadmill that is favoured by hundreds of gyms and fitness studios across the UK. The S-TRc S Series treadmill focuses on a cushioned run, with a user-friendly console and Polar telemetry meaning you are able to run longer, keep an eye on your heart rate and also easily manage your training session on the console.

As part of a cardio range that includes a cross trainer, upright bike and a recumbent bike, gyms choose this brand due to the high quality of manufacturing and it's ability to last - whatever you throw at them.

Why Choose the S TRc Treadmill?

Star Trac have created an incredibly powerful but user-friendly treadmill. With the 5HP motor, cushioned deck, high quality programs via the console and up to 15% incline - what's not to like.

Key Features

- Deck shock absorption due to 'Soft Trac triple cell cushioning system'
- Wide deck - 54.6cm
- 5HP Motor
- User friendly console
- Heart rate monitoring
- Personal fans - fully adjustable
- Pre-wired for additional entertainment screen
- User weight capacity of 500 lbs (227 kg)

Featuring all of Star Trac's popular user-focused features like adjustable personal fans, easy-up and wrap-around seat adjusts and dual-platform pedals, the S Series gives you many of the features you would never expect to find for the price. And then it goes beyond with components like our large LED display with oversized buttons and text, providing the easiest and most intuitive operation available.
