## Short Description

---

An excellent, well constructed mat, the Core Fitness Plus 15mm mat is made from NBR closed cell foam material, but the "Plus" gives you an additional 33% thickness. This means 15mm for extra cushioning and comfort. Available with or without eyelets, it's a quality mat for floor work and exercises.

## Buying A 15mm Exercise Mat

It is probably too big to carry around, but this mat is perfect for a commercial facility such as a Pilates Studio or a PT Studio. The 15mm Core Fitness mat with the eyelets allows for wall storage with a holder. The mat holder is also available separately. This mat is flat packed and does not include a carry strap.
