## Short Description

If you're a sports club, gym, school or small PT studio, this heavy duty Primal Strength Stealth Commercial Functional Trainer could be the best investment you make. As a fully functioning dual adjustable pulley machine, you can take advantage of a wide range of cable exercises using the accessories that come with it.

## Functional Dual Adjustable Pulley Trainers

As a package this is great value for money. With 200kg of weight, metal shrouds to the cabling, commercial grade components like the pulley bearings and ionised metal pins, you are getting superb quality. The frame itself is an 11 gauge/3mm steel, powder-coated frame that comes with a lifetime warranty.

## Key Features

- Commercial dual adjustable pulley system
- Heavy duty frame & design
- 2 x 100kg weight stacks
- 5kg increments
- Commercial grade cables
- Full range of 10+ accessories
- Full Length rubber grip chin-up bar
- Commercial Grade Cables and Bush Bearing Pulley Wheels

# Added Value

Alongside the 2 x 100kg stacks, commercial components and overall superb design and quality, the Stealth Functional Trainer has been designed to be a stable mate for the Stealth Commercial Fitness Elite FID Bench or the Primal flat dumbbell bench. The beauty of the FID bench is that its foot rest was designed to fit with the dual adjustable pulley or the functional trainer perfectly.
