

Spirit 35 Pin Select Fixed Lat Pulldown

£3,495.00

Product Images

Short Description

As part of a 21 model series (plus 4 cable machines) the Spirit 35 Pin Select Fixed Lat Pulldown allows you to perfectly target your lats. Designed to offer both unilateral and bilateral motion, the pulldown is smooth and easy to use - whatever level of gym user you are.

With it's 90kg weight stack as standard, the position of the handles and arms is complemented by the gas

assisted seat adjustment, meaning you can get in exactly the right position to do your workout.

Choosing A Fixed Lat Pulldown

Targeting what can be a difficult muscle to isolate without the right equipment, this Lat Pulldown from Spirit offers premium features including the build quality and the upholstery finishing. With a small foot print compared to other similar selectorised lat pulldown machines, that's why this is an option for smaller gyms.

Having a number of key selectorised machines can help your gym membership perform all the key large muscle exercises. There is also the option for the more traditional lat pulldown in this range.

Key Features

- Standard 90kg Weight Stack
- Gas assisted seat adjustment
- Smooth cable motion
- Comfortable horizontal grip position
- Offers natural diverging motion path
- Seat angle forward for ergonomic position
