

Exigo Dual Adjustable Pulley - 2 x 100kg Stacks

£4,074.00

Product Images

Short Description

One of the most versatile pieces of equipment, the Exigo dual adjustable pulley offers the functionality of a cable crossover machine with a mutligym. Suitable for full commercial use, this dual pulley is built to last. Each pulley has 17 different height adjustments, simply adjust each side to the height you require and you can perform an endless range of functional and rehabilitation exercises.

Choosing A Dual Adjustable Pulley

The Exigo dual adjustable pulley comes with 2 x 100kg weight stacks (stack upgrades available) and a multi grip chinning bar for even more exercise possibilities. With a choice of frame colours and a wide variety of attachments available this machine ticks all the boxes. We can pretty much guarantee that this dual adjustable pulley will be the most used machine in your gym!
