

Neck Protector for Barbells Olympic Bars

£13.00

Product Images

Short Description

Many of us will have performed squats with an Olympic bar or barbells and ended up with a sore neck or shoulders. It's vital you train as safely as possible so we have introduced this neck/back protector for your barbells and Olympic bars.

Its easy to fit and remove and is suitable for bars of 1" or 2" in diameter. Not only this, the neck protector is washable so its great for a gym where hygiene is important.

Description

Neck/Back Protector for Barbells & Olympic Bars

As a result of the significant growth in strength training, its vital where possible to train as safely as possible,

we have introduced our thick back pad which helps protect your neck and back when lifting.

- Thick padded neck/back protector for bars.
- Fits 1" and Olympic 2" Bars
- Easy to fit and remove
