

Supaflex Power Band - Level 4 (Blue)

£23.00

Product Images

Short Description

This Level 4, PowerBand is blue and is the second widest band available. SupaFlex power bands are an excellent multi-purpose resistance band that's perfect for homes or gyms. Whether you want to use with specific exercises for rehab or to use for agility drills, speed training or strength training, you can create exactly the right amount of resistance either with one band or by combining bands.

* Please note this band contains latex.

Description

Level 4 SupaFlex Power Band - Blue

GymEquipment.co.uk stock all 5 levels of the SupaFlex Power Band range. Easy to store, to pack when

travelling or for use in the local park, they are also pretty simple to use. They provide a good resistance workout whatever your level whether you start with Level 1 (Black) or move quickly through to Level 5 (Red).

Trainers use Power Bands for a range of exercises including rehabilitation. Providing a measured range of resistance you can use in so many ways to suit the person needing the workout. You can also workout in a range of ways including speed training, strength training and of course rehabilitation.

Popular as a piece of home gym equipment, the SupaFlex Power Band is cost effective as well as being simple to pack away if space is limited. The best bit is that you can also use the bands on their own or in conjunction with other equipment for added resistance
